Beyond the Line Visit

In Week 8 we were privileged to have the next generation of teachers visit Gulgong High School as part of the Beyond the Line Program.

The Beyond the Line Program supports second and third-year Bachelor of Education and Master of Teaching students to travel with the department on a five-day study tour to experience teaching at selected regional, rural and remote NSW public schools.

Students participating in the Beyond the Line Program engage with local communities and gain valuable insights from teachers in regional, rural and remote NSW schools.

This week, we received the following email from Sophie, a third year student who visited our school as part of the study tour:

Dear Nathan,

I hope this email finds you well. I wanted to express my sincere gratitude for the opportunity to visit Gulgong High School on 10 September as part of the Beyond the Line study tour with Teach NSW.

I was particularly impressed by the teaching of Sam Crook, the English teacher I had the pleasure of observing. His approach to engaging students in thoughtful and meaningful learning stood out to me. It was clear that he genuinely cares about his students' academic and personal development, and his ability to foster a positive and productive classroom environment was truly inspiring.

The visit to Gulgong High further solidified my desire to teach in rural NSW, where the sense of community and dedication to student success is so evident. I feel fortunate to have had the chance to witness such effective teaching in action.

Thank you once again for your hospitality and for providing such a valuable experience. I look forward to applying the insights gained from my visit as I continue on my teaching journey.

Sophie's heartfelt email truly captures the essence of what makes Gulgong High School exceptional. Our dedicated teachers and enthusiastic students create a learning environment that leaves a lasting impression on everyone who visits. It's moments like these that highlight just how special our school community is!
