Year 7 and 10 Immunisations

Wednesday 9 April

Bronze Reward Day

Wednesday 9 April

Easter Show Excursion

Friday 11 April

Term 2 Commences

Wednesday 30 April

Celebrating Our School's Involvement in Agriculture, Music, Food Technology, Hospitality, Textiles and Technology Mandatory

Agriculture

Students in the school show team were involved at the Gulgong Show, showcasing the Poll Dorset x Aussie White sheep where they placed 1st, 2nd and 3rd in a variety of categories.

Year 8 Technology Mandatory have been growing pumpkins and corn which are soon to be harvested and watermelon that was harvested a few weeks ago. They were delicious. Year 8 students will also participate in the Henry Lawson Festival, by creating unique scarecrows for the event. Year 9 students attended a Youth Development Workshop at Mudgee Show, where they experienced drones, cattle, sheep and fire hazards skills from the Mid-Western fire brigade. Year 8 and Year 10 students have been working with steers and wethers down at the school farm, and Year 7 students enjoyed visiting and helping with maintenance. Year 11/12 Primary Industries students are attending a Farm Machinery Course early in Term 2.

Music

Music students have been busy too, with a Drumbeats performance at the Gulgong Show and at school assemblies. The school Band performed at the most recent assembly, showcasing their Rock music skills on guitar and drums. Noah Delaney and John Manatiao performed 'Nothing else matters' by Metallica and 'Everlong' by The Foo Fighters. Their performance was of an excellent standard and they should be proud of their efforts. More band performances are to come in future assemblies, featuring Year 7 students. Recently, a vocal group consisting of Year 7 and 8 girls has been formed and they will showcase a song at the Anzac Day ceremony with Meryl Tankard AO.

Home Economics

In Food Technology, students entered Anzac biscuits, scones and slices into the Gulgong Show, where they placed 1st in scones and 2nd in slices. Currently Anzac biscuits for the Anzac Day ceremony are being made by Year 8 and Year 11. Year 9 and 10 have been learning about food equity and have been making bischoff cheesecake, butter chicken, and quesadillas. Year 7 and 8 have been learning about paddock to plate in a hamburger unit and have been making a variety of burgers. Hospitality have been practicing precision cutting skills and have been using their new skills to re-create a variety of recipes.

In Textiles, students in Year 9/10 have been working on tote bags and tool carry cases, developing practical skills for everyday use. Next term students will be working on sleepwear through the ages and making their own pyjamas.

Our students are thriving in these hands-on experiences, and it's wonderful to see them contribute to both school and community events!
