Stage 4 Living History

Stage 4 History students have been exploring Ancient Egypt and have brought their learning to life by creating engaging models that showcase key elements of this ancient civilisation, including Death and Burial practices, Daily Life, and the role of the Pharaohs.

Earlier this term, Year 7 and 8 students enjoyed a presentation on Medieval Weapons and Society where they were able to dress up in armour and handle replica weapons from the time period. This provided them with great insight into the technology and warfare of the time.

Support Class Students

Students in our support class have been proudly running a coffee shop called Grounded, serving up hot drinks to staff each week. Through this initiative, they have developed important life skills such as taking orders, handling money, and managing time effectively. The café environment also provides valuable opportunities to practise communication and teamwork in a real-world setting. By interacting with a variety of staff members, students build confidence and social skills that will support them beyond the classroom. Grounded is not just about making coffee—it's about preparing students for lifelong independence and success.

Students from our support class recently visited Hands on Rock, a site featuring over 100 ancient Wiradjuri hand stencils. The excursion included a bushwalk through native flora.

End of Term

As Term 2 draws to a close, we want to thank our students, staff, and families for their continued commitment and support. It's been a busy term filled with learning, growth, and memorable experiences both in and out of the classroom. We're proud of the progress our students have made and the way they've embraced every opportunity. Enjoy a well-deserved break, and we look forward to seeing everyone refreshed and ready for Term 3.

School holidays are from Monday 7 July to Monday 21 July. School resumes for all students Tuesday 22 July.
